

BETTER Insurance Inc.

Sales Incentive Program

1. You must be a current client of Better Insurance to receive credit for network referral sales.
2. All sales are cumulative for the duration of a client's membership. Restarting a client membership with Better Insurance continues the sales accumulation process from where they left off previously.
3. All referrals are based on the name and phone number of the referrer. Failure to properly register the sale using your phone number will nullify credit to you for the sale.
4. The full scope and limitation of every sale is directing each client to:
 - a. go to the website or the app
 - b. register by agreeing to each portion of the client contract via the questionnaire
 - c. select their preferred coverage plan
 - d. input the name and phone number of the client that referred them
 - e. await approval (same day or 24 hour response if there are no issues).
5. Once approved, the client makes their first payment, prints or saves their ID cards, and is insured through Better Insurance.
6. Individual sales incentives are paid out at the end of each week. Bonuses are paid monthly. Incentive structure and bonuses are listed in the chart on Page 2.
7. For the serious salesperson, you are allowed and encouraged to create your own marketing materials including flyers, handouts, QR codes, etc. Those materials should point the prospective client to the website for registration, and give you credit using your name and phone number to track the sale.
8. For those who do not want to give out their phone number to strangers, we will use a sales code using your area code and the last 4 (line number) of your phone number. You can also establish a separate business number that rings to your phone – just make sure that number is associated with your account so you receive credit for the sales referrals through it.

Anyone caught scamming other people using Better Insurance programs, plans, sales pitches, reputation, materials, or any other accoutrements of any kind will be prosecuted to the fullest extent of the law. Per program regulation #4, salespeople are limited to creating a referral, and moving on to the next prospective client.
